DEMOCRATS MAY ROLL UP RECORD VOTE FOR KELLY

Chicago Election Is Quietest In Recent Years

Chicago, April 1.—(P)—Democrats planned to roll up a record vote in tomorrow's election with the double purpose of retaining Mayor Edward J. Kelly at the helm of the city government and making the nation, as well as official Washington, sit up and take notice.

Democratic chiefs were confident Kelly would win by a 500,000 margin, but the order went out tonight to give him the greatest vote ever accorded a Chicago mayoralty candidate. They estimated at least 1,000,000 of the 1,500,000 registered voters would cast ballots and that Kelly would receive 750,000 with the 250,000 differential split between his rivals—Emil C. Wetten, republican contender, and Newton Jenkins, third party standard bearer.

The mayor asked for a clear-cut majority. He planned to lay the figures on the table when he goes to Washington to seek \$228,000,000 in federal funds for his public works program.

Jenkins and Wetten predicted a much tighter race but neither enjoyed much organized support and were hampered by lack of finances. Republican ward committeemen finally decided they must make some showing for the record but they were most optimistic about the candidacy of their entrant for city treasurer, Charles W. Swanson, who was backed by young republicans.

The eleventh hour was as tranquil as the first in the quietest Chicago campaign in recent years. Kelly attended a party rally while his opponents solidified the ranks of their followers.

Kelly stood on the record of his accomplishments since April, 1933. When the city council chose him to succeed the late Mayor Anton C. Packer, he cited the fact public school teachers' salaries had been put on an efficient basis and contended fiscal improvements had been made.

Wetten, lawyer and friend of Theodore Roosevelt and William Hale Thompson, pledged a recapitalization of the city's debt and unemployment relief.

Jenkins, former Marine lieutenant who claimed the endorsement of Gov. Lefollette of Wisconsin, Senator Frazier and other progressives, urged a city manager for Chicago, municipal ownership of utilities and a city-owned bank.

Admits Selling French Secrets

Paris, April 1.—(P)—Albert Aubrey, former French explosives expert who is known as "Agent 653," confessed today at the resumption of the Swiss espionage trial that he had received money for government information, but claimed the supposed secrets he was charged with selling were really without value.

Aubrey, one of 20 persons being tried on charges of spying for Soviet Russia, was accused of betraying intimate information about a French gun-powder factory for 5,000 francs a month, but his defense was that the information was not secret at all, saying that the buyers were duped. He and his wife had been in jail since March 20, 1934, when they were arrested as a result of the confessions of Mr. and Mrs. Robert Switz, Americans who are on trial under the same charges.

Iowa:—Becoming fair, colder Tuesday; Wednesday unsettled.

HOOVER GROUP AN ISSUE OF MIDWEST GOP

Call For Vigorous Action Marks Comments

Kansas City, April 1.—(P)—A warning against continued domination of the "Hoover group" and a call for vigorous action marked comments of midwestern republicans today on plans for the proposed May conference here to rehabilitate their party.

Richard C. Gorman, president of the Missouri association of young republicans, said candidly that if the 10-state meeting was intended to "re-foster the party's old guard, I am against it."

"I mean former President Hoover, former secretary of agriculture Arthur M. Hyde and the whole bunch," he added.

William Allen White, Emporia, Kas., publisher who was host to the former president at his home in February, is being considered for the role of platform builder.

"A return to the humanity of Lincoln," White stressed recently as the principal necessity.

Harrison E. Spangler, national committeeman for Iowa, said emphatically that it will be a convention interested in principals, not candidates, and that no known presidential aspirants will be invited.

Plans for the conference were discussed recently at Washington by Gov. Alf M. Landon of Kansas, himself considered G. O. P., presidential timber.

He was one of few republican governors to successfully buck the Roosevelt landslide.

George Olmsted of Des Moines, Ia., chairman of the young republican national committee, called for a "meeting of patriots and statesmen and not of politicians." He favors a reduction in the convention voting power of the "southern states," that virtually have no republican party.

Henry S. Caulfield, last republican governor of Missouri, said the party now "is without a national leadership" and "it is well to evolve something in that nature."

Los Angeles, April 1.—(P)—As an aftermath of the recent sensational Emerson-Sewell divorce case, Walter W. Emerson, actor-writer, and Barton F. Sewell, millionaire yachtsman, had a fist fight last night, Emerson reported today.

Exhibiting puffed and swollen faces, Emerson said he "knocked Sewell down four or five times" and the millionaire did a "lot of bleeding" from the effects of the blows.

"I had gone over to the house to see my three children," Emerson said. "My oldest boy, Wally, had telephoned that no one was home except the children and the servants."

"As I was leaving, a limousine drove up with Sewell at the wheel, my wife at his side and her mother, Mrs. Blanche Shultz of Denver, in the rear seat. After explaining the purpose of my visit, I pleaded with my wife and Sewell to stop going around with each other."

"I pointed out that even though we were separated and both still desired a divorce she is still my wife and owed it to our children to stop seeing Sewell."

"Sewell laughed at my pleas and made several uncomplimentary remarks. He insisted he would still go with my wife until she turned him down."

"Then Sewell leaped out of the car, cursed me and started swinging his fists. I saw red. Today I am only conscious of his face leering at me. I just kept swinging until I came to my senses."

"Sewell struck me first, I remember. And then I began swinging until I knocked him down—feeling that each blow was a blow in defense of my own children who have been denied me."

Neighbors summoned police during the fight. Officers questioned the two men, but did not make any arrests.

Sewell attempted intimacies with Emerson's wife, during the trial, which ended with both Sewell and Emerson being denied decrees.

Two committees were appointed, one to examine the purchases of hummer and the other to make a general survey and to recommend a method to improve the commission's purchase department.

George A. Neesha, president of the association, said of the inquiry: "We are not interested in political or personalities, but it is a civic duty to employ serious thought in spending Illinois tax dollars."

Chicago, April 1.—(P)—The purchasing agents association of Chicago today voted to investigate purchases by the Illinois Emergency Relief commission at the request of the commission.

Farmers Shake Heads When Told Lightning Story

St. Johns, Que., April 1.—(P)—Farmers here shook their heads and cocked a waggish eye at the calendar today when they heard a story from London, VI., that a bolt of lightning streaked into the barn of Gerald Smith, deafened two horses and killed the first, third, fifth, seventh, ninth, 11th, 13th and 15th cows in the line, leaving the even numbers standing placidly waiting for breakfast. Smith, however, swore it was true.

CORN AND HOG FARMERS SIGN '35 CONTRACTS

150 Million Dollars To Be Distributed This Year

Chicago, April 1.—(P)—The nation's corn and hog farmers have fallen in step with the AAA's reduction program which will net them 150 million dollars in 1935, it was indicated tonight by the number of contracts signed before the deadline.

Estimates based on tabulations already completed showed that more than 850,000 contracts were entered into, compared with 1,155,000 last year, but farm advisers were of the belief that the average return from the growing of corn would equal the 120,000,000 withdrawn in 1934.

Farmers in the 13 midwestern states which grow 65 per cent of the country's crop again agreed with the government to follow the 3 to 1 vote they registered last fall in favor of the program.

In the three leading corn-hog states—Iowa, Illinois and Missouri—the contracts ran about 10 per cent behind 1934, but in Nebraska, where the farm poll gave a slight edge to the AAA program this year's estimate was 7,000 above the 87,000 last season.

Department of agriculture figures compiled in October, 1934, indicated the year's corn crop was 1,416,000,000 bushels, compared with a 1927-31 average of 2,516,000,000 bushels. Crop estimates for this year will be about the same as last agricultural experts believe.

E. H. Miller, crop statistician here, said the corn now available on farms and in granaries totals 427,000,000 bushels, compared with 814,000,000 bushels at the same date in 1934.

Italians Have Fifteen Hundred Modern Air Hawks

Rome, April 1.—(P)—Fifteen hundred modern military airplanes, swift and newly-tooled, could darken Italian skies at a moment's notice in the event of a war cloud rolling down from beyond the Alps, air preparation statistics revealed today.

This was coupled with war department estimates that Italy could put an army of 7,338,000 trained men between the ages of 21 and 54 into the field, announced simultaneously with the calling of the military class of 1914 to the colors—250,000 strong.

With 600,000 men now under mobilization orders, Mussolini has taken care that his air defenses are not behind. Last year he made a special appropriation of 1,200,000,000 lire (currently \$66,000,000) to assure that any attack from above be met by swift and modern air hawks. This was in addition to the regular budget appropriation.

The exact figure for available effectiveness in the air is 1,507 military planes, not including new units known to be planned.

Moreover, the planes would not be flying upon aimless adventures. They would take off from 135 airbases in the kingdom's four aerial sectors, name, Milan, Padua, Rome and Bari.

Their handling in the air would be entrusted to 1,527 skilled military pilots and 1,452 specially trained sub-officers, and groomed by some 13,000 specially trained technicians, officers and soldiers of the aviation corps.

ITALY COULD DARKEN SKIES WITH PLANES

NRA Extension Row Opens in Congress When Supreme Court Dismisses Belcher Code Case

POPE PIUS SAYS ARMED CONFLICT IS IMPOSSIBLE

Vatican City, April 1.—(P)—Pope Pius today quoted the words of Jesus Christ—"You Shall Hear of Wars and Sedition"—and called on the world to emulate the Apostles on the Sea of Galilee who cried: "O Lord, Save Us, We Perish!"

The 78-year-old Pontiff gathered 20 Cardinals around him in secret consistory and told them he knew the nations were talking of war but that he believed war to be "impossible" because.

"It would be so enormous a crime, such a foolish manifestation of fury, x x x We cannot persuade ourselves that those who should have at heart the prosperity and well-being of the people wish to push to suicide, ruin, and extermination not only their own nation but a great part of humanity, x x x to us, as to many others, there is manifest the physical and material impossibility of war in the present most serious circumstance."

The allocation was delivered by the Pope with what preludes afterward described as "terrible calm."

The Pontiff said that if there were someone who wished to commit "this nefarious crime" of war, he could do nothing else than pray to God to "destroy those peoples who desire war," but he proclaimed three days of public prayer at Lourdes, France, so that God "might illuminate the minds of those who have in their hands the government and fate of peoples in the present sad anxiety of a time which leads to fear for a still sadder future."

He said that this moment, "the clamor of war is universally diffused and is the cause of agitation to all and it arouses in everyone the greatest fear."

Washington, April 1.—(P)—Huey Long stirred up much talk of third party possibilities today, but with almost everyone convinced he had over-shot the mark with a prediction that next year would see one led by President Roosevelt himself.

His implied threat that he or some other "share-the-wealth" leader would succeed in winning the Democratic nomination left party leaders unperturbed, but reluctant to emphasize his forecast by a discussion of it.

More Pacifist Alarm

Pacifists scored another victory over the week-end when Baptist youth of the state in session at Danville passed a resolution sounding an alarm against what has been pictured to them as a militaristic spirit sweeping over the land. The young people expressed fear of another war.

"An insidious wave of militarism is now spreading over the United States, aided by munitions manufacturers and others interested in the promotion of warfare by profit, and the youth of America must arise at once to combat this move by furthering Christian living through self control," the resolution said.

With the munitions makers "on the spot" in a Senate investigation and with a plan to take the profit out of war in process of formation, it is hard to see what grounds the young people find for their accusations. The moves to increase the army and provide more adequate national defense are necessary in the face of a world which is increasing its armaments by leaps and bounds. The United States cannot afford to remain a sheep among wolves.

No sane person wants war; of that the young people may be assured. But neither do Americans want to see their land conquered by invading hordes armed with death-dealing planes. The nation is on the alert to prevent its being involved in foreign quarrels, but a defenseless homeland might prove a temptation to some Dillinger-minded nation.

There is no question but that stronger nationalism is to be the ruling passion of the future. This country should not be caught napping and with so much of the international mind among its people that they will prove weak and incompetent in their own defense. Youth must be patriotic if coming generations are to live at peace with neighboring nations.

Too Much Power

Secretary Wallace is seeking extension of the AAA to a point where he would have power to license every farmer, grocer, wholesaler of food, processor and manufacturer of food-stuffs in the country. He has legislation now before Congress which would give him this power under the AAA.

Business and the ultimate consumer should unite to see that no such power is granted to any one man or group of men. The chief industry of the country, agriculture, has not reached the point where it must be so strictly regulated, and the American consumer does not deserve to be put at the mercy of a dictator of his food supply.

Already the control of food production, plus the drought, has brought about a meat shortage. Marketing managers have predicted such a condition after a survey of their respective districts. Never in the history of the nation has there been anything approaching a general shortage of food, and the fact that there is one facing us now does not speak very well for the Herculean efforts of Mr. Wallace and the AAA to get rid of food surpluses. Judging from the results thus far, the Secretary has had too much power already for the general good of the country.

Profitable Fooling

Some weeks ago what was believed to be a bonafide story of a Gypsy prediction that Adolf Hitler would die in March, appeared in the papers. It received some editorial comment, mainly because it caused Lloyd's and other insurance companies in Europe to offer insurance against such a contingency. Many business men took this insurance and paid the premium.

It now develops that the whole thing was a fake, that no predictions were made, and that the companies offering the insurance cleaned up some easy money. All this came out on April 1, and those who bit on the idea found they had succumbed to just one more April fool joke, but at rather embarrassing cost.

The day on which practical jokes are

much in evidence caused some people to do some rather serious thinking. They wondered if the world has not been kidding itself for several years, and if the American people in particular are not the victims of a huge April fool plot in their efforts to spend their way out of the depression. As the government goes merrily on its way accumulating debts by the billions there are those who foresee another April fool's day that inevitable time when the money must be paid back.

In that day the citizen will get his tax receipt with a wry smile. He will feel in his empty pockets, sigh and take a sheepish glance at the back of the receipt, rather expecting to see inscribed thereon the words "April Fool."

New Life Movement

In China the people are becoming much interested in a movement started about a year ago by Gen. Chiang Kai Shek, who is doing his utmost to drive Communists out of the country. The center of this progressive enterprise seems to be in Nanchang on the Kam river, where the General had his headquarters for a time. It has for its purpose the lifting of the moral and social standards of the people.

Lecturers appear in the new city auditorium and exhort the people to shun lewdness, fight filth, be courteous and live decently. One representative from every family in the city is required to attend these lectures.

All this seems like primary work to people in the United States. We no longer exhort people to practice the primary virtues and avoid the primary sins, because our civilization has made cleanliness and good conduct a matter of common practice. But in China life is still pretty much "in the raw", and people are too close to the old traditions and customs to appreciate good living conditions. They have to be taught by precept and example.

Every westerner wishes the New Life Movement success. It is likely to succeed because it originated with the Chinese themselves and has for its leader a courageous native military hero who has earned the everlasting gratitude of his people by driving out the reds and restoring peace and order.

United Fight on Dope

Every state legislature could profitably give heed to President Roosevelt's appeal for a system of uniform state laws to abolish the illegal traffic in narcotic drugs.

As the president points out, the federal government alone cannot wholly check this traffic. It must have full co-operation from local law enforcement units. But the great diversity of existing state laws on narcotic drugs makes such co-operation very hard to obtain.

No part of the current campaign against crime is more important than the drive against the drug evil. Passage of uniform state legislation along the lines suggested by the federal authorities will help us to attack the crime problem in a most vital zone.

PARENTS.

Two items reported in the Los Angeles morning papers Monday indicate that there ought to be some sort of restrictions on the right of parenthood.

An Altadena father punished his four-year-old son for some trivial matter by forcing upon the child an "internal bath" from which the youngster died. The father admitted to the police that he was "mad" at the boy.

Another four-year-old boy died from suffocation from smoke caused by a fire started by a cigarette dropped on the family davenport. The child was left alone at 4 o'clock in the morning while the parents went to a cafe with a group of guests. The milkman came and noticed the smoke, but came to the child's rescue too late.

The Difficulty With Going Down the Middle of the Road

Behind The Scenes In Washington

Sweatshoppers Shown Up by NRA Probe . . . Jefferson Is Suddenly Remembered in Senate . . . Boodler Hunters Still Prey on Indians.

BY RODNEY DUTCHER
Journal and Courier Washington Correspondent

Washington.—Several members of Congress are feeling a bit silly since the NRA investigation began to warm up.

They are in that group which once was hollering about the oppression of the "small business man" by codes. Some of the "small business men" have been on exhibit and they looked neither small nor oppressed.

There must be some honest little fellows who have been hurt by NRA. Plenty of monopolistic practices were legalized under the General Johnson regime. The complaint of most of them is that codes haven't been adequately enforced—which left those complying at a disadvantage.

But the "little fellows" whose cause such folks as Senator King of Utah, Senator Nye of North Dakota, and the inefable Congressman from Virginia, J. E. Cawley, espoused turned out to be gent who objected to enforcement rather than non-enforcement, to minimum wages and collective bargaining.

Some of them, testimony brought out, had paid wages as low as three and five cents an hour before NRA boosted the minimum. Presumably they were pining for those good old days.

Their congressional supporters lapsed into silence as the facts began to come out.

NRA has been faring much better than it deserved. The Senate Finance Committee's inquiry went on for days as an absurd contest between the smug self-righteousness of the administration and the virtually utter dumb ignorance of senators as to NRA operations.

When the attack came, it was sponsored by the low wage companies in the men's clothing industry, represented by Col. F. M. Curlee of St. Louis, who was forced to admit substantial improvement in his business under NRA.

Men's clothing happens to be a highly competitive industry. Its code contains no price-fixing provisions. Hence no one could cry "monopoly!"

Code authority and clothing workers' union members, working with NRA officials and senators who abhor sweatshop wages, were—without stretching facts—able to make NRA appear as holy an institution as General Johnson ever claimed in his most enthusiastic moments.

A high moment came when several hundred small clothing makers advertised in the New York Times to protest the activities of the Curlee group.

Remember Jefferson?

Senator McCarran of Nevada: "I am reminded of the lines of Jefferson, when he wrote: 'If we have to apply to Washington as to when we shall stop and when we shall stop, we shall soon go short of bread.'"

Soviet Glass of Virginia: "I am glad that one senator has boldness enough to quote a line from Jefferson here, because we have deserted every principle he ever announced."

They Still Hunt Indians

With so much excitement around here nearly all of us have forgotten about the Indians and their troubles.

FOURTH WARD TONIGHT!
Hear the Democratic candidates, 7:30, Washington School Building. (Pol. Adv.)

But there's one little group that never forgets the Indians—meaning the fellows who are out to fleece them and the men who represent them in Congress. Presumably this lobby will be on the job until the last Indian is dead.

The present effort to wreck the Wheeler-Holmes and Indian Commissioner John Collier have sought to rehabilitate the Indian, making him self-reliant and preserving his remaining assets.

Lobbyists persuaded certain congressmen to cut in half the budgeted appropriations for land purchases, an Indian credit system, and tribal organization—all vital parts of the Indian "New Deal" program.

The opposition even includes a missionary group which fights Collier and takes because they prohibit coercion of Indians into religious denominations and permit Indians coercion of Indians into religious if they like.

Other malcontents have tried to collect money from the Indians and find themselves balked by the Indian bureau.

Lumber interests are fighting Collier because of the new policy which encourages Indians to cut and mill their own timber instead of leasing the timber land on contract while remaining idle.

Organized cattle and sheep men are striking back because the Interior Department is closing out Indian grazing ranges and turning them back to Indians, whom it already has supplied with 30,000 head of foundation stock.

For weeks, the House Indian Affairs Committee has been hearing complaints against the Indian administration. The investigation appears to have been inspired by men who sought to "blackmail" the bureau into a conciliatory attitude and hardly anyone in Washington has been paying any attention to it.

G.O.P. Spirits Rise
Latest evidence of how much more optimistic Republicans are feeling is the decision of Senator Metcalf of

Idaho to support the NRA.

GUEST HONORED AT CASS HOME

Richard Robinson Entertains At Beardstown; Other News Notes

Beardstown, March 30.—Richard Robinson entertained a group of friends at his home 1200 Adams in honor of Harold Renner of Gillespie, Ill., who was a house guest at the Robinson home, Friday night.

Bridal guests were present and ladies' high score prizes were won by Miss Helen Blohm and Miss Elizabeth Blohm, while Everett Mallicoat and Harold Renner received the prizes for men.

Light refreshments were served at a suitable hour. Both refreshments and decorations were in keeping with the spring season.

Mrs. Zotas Dies
The body of Mrs. Al Zotas of Chicago, former resident of Beardstown, who died Thursday in Chicago, was brought here to the Cline Funeral Parlor, Saturday. Mrs. Zotas was formerly Miss Pearl Best, daughter of Mr. and Mrs. George Best, of Beardstown.

Mrs. Zotas is survived by her husband, two sons and two daughters, her parents, Mr. and Mrs. George Best, one brother, Paul Best of Beardstown, two sisters, Mrs. Charles Boyd and Mrs. Roy Paterson of Beardstown, and one sister, Mrs. Ruby Hageman of New York City. Funeral arrangements are not as yet complete.

Class Meets
The Worthwhile class of the Beardstown Congregational Church held its annual family night supper Friday night in the parlors of the church. The husbands and children of the class members were the guests of honor.

The supper was prepared in pot-luck style. The tables were arranged in a hollow square with candles and four decorated angel food cakes as the centerpiece.

After the supper a one act play directed by Miss Rose Oelgen and called "Mrs. Jenkins' Brilliant Idea," was much enjoyed. Musical numbers completed the program.

News Notes
Members of the Springfield Association of Congregational Christian churches will be guests of the Beardstown Congregational Church here Tuesday, April 2.

This is the semi-annual meeting of the association and includes the following towns: Alton, Bunker Hill, Chandler, Chesterfield, Decatur, Duplo, East St. Louis, Godfrey, Melville, Highland, Jacksonville, Springfield, Warrensburg, Waverly, Woodburn, and Beardstown.

The session will open at 10 o'clock Tuesday morning. After the organization of the group, the Rev. H. H. Pittman of Springfield and Mrs. J. H. Finley from the state office will be the speakers.

The ladies of the Beardstown church will serve a luncheon at noon. The afternoon will be used for business. The communion service will follow the business meeting.

In the evening the Rev. Walter Schiavetzki of East St. Louis will be the speaker.

Moderator—The Rev. Robert C. Kemper, Alton.
Registrar and Treasurer—The Rev. H. A. Cotton, Warrensburg.

Advisory Committee: The Rev. A. Thomas Gray, Duplo, the Rev. W. A. Richards, Jacksonville, and the Rev. A. E. Beddoes of Beardstown.

The Second Annual Father and Son banquet was held at the Masonic Temple here Friday night with plates set for 151 persons.

After the banquet games, social conversation and boxing matches were enjoyed. Mrs. Charles Blohm was chairman of the committee on entertainment.

EBBAUGH FUNERAL TO BE HELD TUESDAY
Funeral services for Jacob Ebbaugh, who died at his home near Riggsport last Thursday, will be held at 10 o'clock Tuesday morning from the Stainforth Funeral Home in Winchester, in charge of Rev. J. Fred Melvin, pastor of Winchester M. E. church. Interment will be in the Gillham cemetery.

Services have been delayed pending the arrival of a sister of the deceased, Mrs. Charles Morris. She arrived in Winchester Sunday from her home in California.

Scott Green of Orleans was a business visitor here Monday.

BIRTHDAY PARTY AT BLUFFS COMPLIMENTS FIVE YEAR OLD BOY

Bluffs—Miss Helen Weiss gave a birthday party Saturday afternoon honoring the fifth birthday anniversary of her nephew, Charles Weiss, son of Mr. and Mrs. Ervin Weiss. He received many useful gifts. Refreshments were served with the usual birthday cake.

Those present were: Eugene Mullen, James Fogerson, Betty Mullen, Betty Tuscher, Wanda Baird, Thomas Mains, Imogene Newingham, Carroll Arnold and Charles Weiss.

Mrs. Rachel Phillips returned to her home in Beardstown Saturday after spending several weeks with relatives. Miss Nora Baird accompanied Mrs. Phillips home for an extended visit.

Mr. and Mrs. Eugene Carpenter and son, Russell of Hannibal, Mo., spent the week end at their home here and with their daughter, Mrs. Ruth Placke.

Miss Bernadette Evans of Springfield is making several days' visit with her mother, Mrs. Lottie Evans.

Paul White of Hannibal, Mo., visited with Mr. and Mrs. Jack Mains Saturday.

Mr. and Mrs. Arthur Blackburn and family of Winchester visited relatives here Sunday.

Mr. and Mrs. Fred Cockerill were Winchester visitors Sunday evening.

Grace Church Doings

The special musical feature during the devotional period of the Sunday school was furnished very acceptably by a quartette composed of: Max Byus, Theodore Schulz, Milford Forwood, Richard Godfrey, accompanied by Margaret Denny. School attendance was 457 and the offering \$13.26. Dr. Galloway was the presiding officer.

At the morning service Dr. Havighurst spoke in a very impressive manner using as a theme, "The Greatest Wonder of God's Love." In the evening the series of sermons upon the parables was continued. The pastor speaking upon the topic, "The Lost Sheep." The music was supplied by the mixed chorus at the morning service and the men's chorus in the evening service was inspiring and worshipful.

The two leagues met in a union service at 6:30 in a very helpful program.

The Opportunity class will be entertained in the home of Mrs. E. C. Roach, 659 South Diamond street on Monday evening.

On Tuesday afternoon the Woman's Foreign Missionary society will meet with Mrs. E. D. Herald, 1000 Edgehill Road.

There only remain two more church night programs held on Wednesday evening. Those attending have found them very helpful. Social hour begins at six o'clock.

In Grace church on Friday afternoon and evening a conference for workers in the children's departments of the Sunday school will be held. Workers from adjoining counties will be present. Specialists in this work will present the program.

Those from Woodson who attended the Junior-Senior prom in Jacksonville, Friday evening, were William McCurley, Louise McCurley, Roberta Butler, Lester Henry, Russell Eard, Doris Steinmetz and Elizabeth Owens.

REVIVAL CONTINUES AT CHURCH OF GOD; HELPFUL MESSAGES

Owing to the unusual interest in the revival at the Church of God, it will continue through this week. Overwhelming crowds are attending and a number have been converted. As the meeting enters the fourth week there is no evidence of retiring interest, but rather an increase.

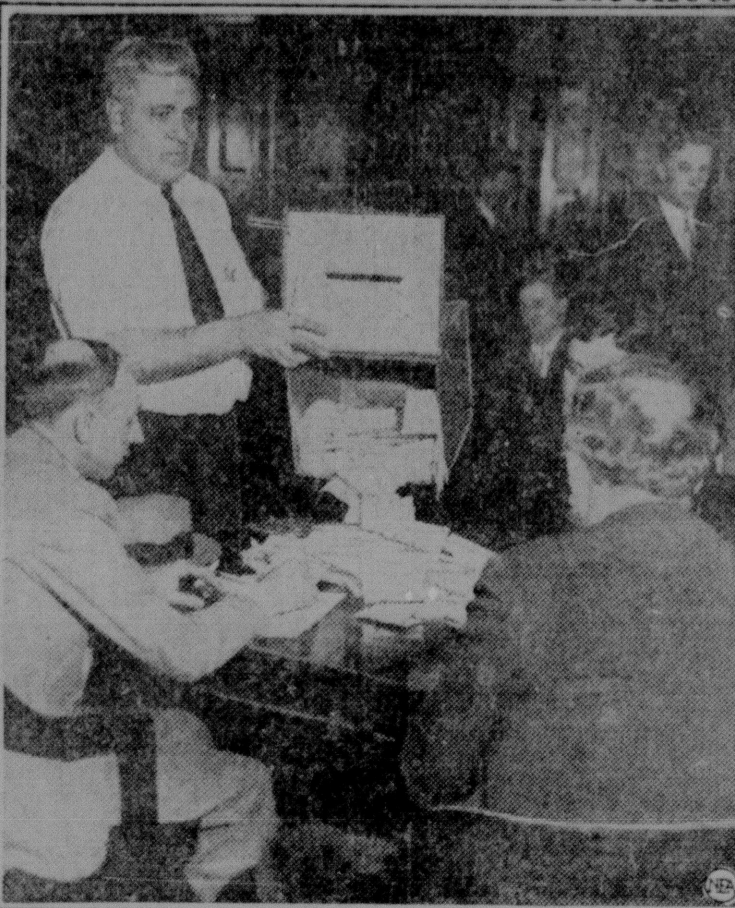

Evangelist Finney will preach at each service on special themes relative to the Christian experience. T. E. McNabb of Taylorville, who led the choir and the large audience in a very inspiring song service Sunday night also directed the song service last night. Mr. McNabb sang "A Friend Have You" last night.

ATTEND MEETING

Drs. L. E. Staff and L. K. Hallock attended a special business session of the Illinois Osteopathic Association in Bloomington, Saturday, March 30th. Mrs. Staff, with her mother, Mrs. Breitenstine and also her daughter, Susanne, went along and visited with friends in El Paso, Ill.

Mrs. Herman Roegge and daughter, Miss Nora, of Meredosia, were shoppers here Monday.

Vote on Rubber Strike Checked

To strike or not to strike? This question, which threatens to involve not only the entire rubber industry, but the automobile industry with it, was on these ballots being poured out of the box by J. B. Carman of the Goodyear Industrial Assembly, first of a vote taken by employees of the big Akron, O., rubber shop. The assembly, or "company union," vote was 50 per cent against a strike. The "outside unions" were to vote later.

Delivers Sermon on Methodist Doctrine

Dr. George Scrimger Speaks
as Guest Speaker at
Christian Church

At the Central Christian church Sunday evening Dr. George Scrimger presented an interesting and most acceptable message. His general theme was the doctrinal position of the Methodist church. This is the last of the series of special services in Central Christian church for this spring. Dr. Scrimger mentioned somewhat in detail the doctrines of the Methodist church which have made that church outstanding in America during the past one hundred and fifty years. The position of the church upon the great moral questions and political problems received attention in his message.

The speaker made an eloquent plea for the cooperation of all Christian people in a united movement to combat successfully many of the dangers which threaten our civilization. He emphasized the importance of united action against the liquor traffic and war, calling them two of the scourges of the race at the present time.

Mrs. Herman Roegge and daughter, Miss Nora, of Meredosia, were shoppers here Monday.

INDIANA MAN WILL BE CHAPEL SPEAKER

On Tuesday, April 2, the chapel service at MacMurray College will be in charge of the Y.W.C.A. of the college. The exercises will begin at 10 o'clock and the speaker will be Dr. C. B. Croxall of Warsaw, Indiana. Dr. Croxall is the father of Miss Helen Croxall, member of the Sophomore class of the college.

Find Body of Cass County Man in Mud North of Meredosia

William Stunkel Believed to
Have Wandered Until He
Became Exhausted

Beardstown—William Stunkel, 55, C. B. & Q. engineer of this city, was found dead in a mud near the Meredosia clubhouse, twelve miles southwest of here, at 6:45 o'clock Sunday morning. He had been visiting at the Arthur Hamilton home all day Saturday and left about 8:15 o'clock Saturday night saying he was going home. It is believed he became lost, wandered about the neighborhood in the wind and rain for some time and finally fell face downward in the mud from exhaustion and smothered to death or died of a heart attack.

The body was discovered by Albert Hays, who works at the Meredosia drainage pumping plant, as he was going to work. Hays notified the Hamilton family, and Coroner Charles H. Gersmeyer was called. An inquest was held Monday afternoon at the city hall.

The decedent was born Nov. 2, 1880, in St. Louis, Mo. He was transferred to this city a number of years ago by the C. B. & Q. Railroad company, and has been engaged as a freight engineer here for many years.

The body was taken to the Simpson Funeral Home.

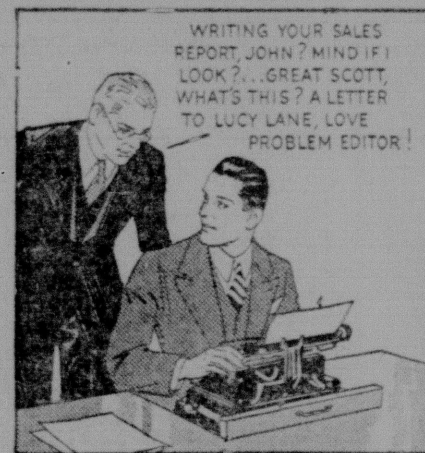

Decedent is survived by his wife and one daughter, Miss Charlotte Stunkel, a student at the University of Illinois.

Thomas Heads White Hall Business Men

Community Club Election Takes Place; St. Louis Delegation Coming

White Hall.—The Citizens Community club held its regular meeting at the Edith Walton home and re-elected all the officers for another term. Stanley Thomas is president, Frank Dawley is vice-president, and Merrill Kesinger is secretary-treasurer.

Plans were made for the reception of the Zephyr type train which will visit White Hall over the Burlington railroad on April 8, arriving here at 8:50 in the morning and leaving at 9:15 the same day. This new train will carry fifty St. Louis business men, sponsored by the St. Louis Chamber of Commerce Sales Managers Bureau, and will be accompanied by a military band from St. Louis.

President Thomas appointed a committee composed of H. B. Anderson, Dr. H. C. Haynes, H. L. Story, and R. C. Bell to make arrangements for a suitable welcome to the delegation.

Residence Changes

A number of changes of residences will take place this week. Otis Neighbors and Alton Seymour each purchased a house from Fred Wenken on King street, side by side, and will move from Carrollton street to their new homes the first of the week. Lloyd Coates who has been living in the house purchased by Neighbors will move into the Ellington house on East Bridgeport street, and Henry Bishop who has been living in the adjoining house will move into Miss Mary Gardner's house on East Bridgeport street which was recently vacated by Mr. and Mrs. W. D. Webster, who moved to Wyoming, Ill., to reside with their daughter.

Mrs. Merle Mackey and daughter, Carolyn, of this city accompanied Mrs. C. C. VanDoren, Mrs. Harvey Hutton, and Mrs. H. E. Hunt of Roodhouse to St. Louis Thursday to spend the day.

Baptist Class Meets

The 4-19 class of the First Baptist church met Thursday night at the home of Mrs. A. B. Lewis on West Bridgeport street, with Mrs. Laura Pritchett and Mrs. A. M. Nevius assisting. There were twenty-four ladies present including two guests, Mrs. Julie Hubbard of Carrollton, and Mrs. Whitehead of Jerseyville. Mrs. Ward Hull played a group of selections on the accordion, and Master Harold Wayne Lewis recited a poem written for the occasion in honor of the 4-19 class. Games were enjoyed after which the hostesses served a refreshment course.

The Daughters of Faith class of the First Baptist church met Thursday night at the home of Mrs. Lewis Spangenberg. The assistant hostesses were Mrs. Irene Barber and Mrs. Besie Norris. There were twenty ladies present. Games were provided by the hostesses and refreshments were served. Miss Mina White is president of the class.

Baseball Writers Believe That 1935 National League Pennant Race 2 Team Affair

By Orlo Robertson
Associated Press Sports Writer

New York, April 1.—(AP)—In the opinion of the men who write about baseball the National League pennant race will be a two-team affair with the St. Louis Cardinals repeating their 1934 triumph over the New York Giants.

Giving little consideration to the six other clubs, the 77 sports editors and baseball writers who participated in the ninth annual Associated Press poll cast all but seven of their first place ballots for either the Cardinals or the Giants.

Thirty-nine of the experts favored

the Cardinals while 31 voted for the Giants.

Only two other teams were given a chance to finish at the top of the standings. They were Chicago and Pittsburgh, with the Cubs receiving four first-place votes and the Pirates, three.

The balloting was in sharp contrast to last year when the Cardinals received only 13 first-place ballots and were generally picked to finish no better than fourth. The Giants topped last year's poll.

As further evidence of what the writers think of the coming pennant race, they cast the majority of their second place ballots for either St.

Louis or New York. Again the Cards had a slight margin, 33-31.

The Cubs, selected last year as the Giants' leading rival, could muster only 10 votes for the one-two position but had no trouble in beating out the Pirates for third place, rolling up 38 votes as compared to 21 for the Corsairs.

Despite the addition of Babe Ruth, the Boston Braves, in the opinion of the experts, will finish no better than fifth. They just managed to beat out the Brooklyn Dodgers, 31 to 30, in the battle of ballots.

The Phillies were picked to finish seventh and the youthful Cincinnati Reds in the cellar.

Students Urge Biff Long to Accept Bid

Oklahoma Sooners Seek Former Louisiana Grid Coach

Norman, Okla.—(AP)—Student leaders of the University of Oklahoma today prepared "We Want You, Biff" messages to be sent directly to Capt. Lawrence M. Jones of Louisiana State University, whom they seek for the Sooners football coaching job.

The messages, to be sent also to the War Department in Washington, were designed to counteract "protests" against Jones sent to Washington by other students.

Dr. W. B. Bizzell, president of the university, sided definitely with those seeking Jones, declaring he personally favored the transfer of the famed professor of the gridiron here to replace Coach Lewie Hardage.

VANCE WITH DODGERS

Orlando, Fla., April 1.—(AP)—Dazzy Vance, who was released by the St. Louis Cardinals last week, will be given a chance to land a berth on the Brooklyn Dodgers pitching staff, manager Casey Stengel said today.

Stengel has invited Vance to work out with the Dodgers and the old Dazzler is expected to arrive tomorrow to start his trial.

The Brooklyn manager said Vance had not yet signed a contract.

RED SOX WIN

Max Baer Signs For N. Y. Fight

New York, April 1.—(AP)—Mike Jacobs, fight promoter, announced tonight he had arranged terms with Anell Hoffman, manager of Heavyweights Boxing Champion Max Baer, for Baer to meet the winner of the Primo Carnera-Joe Louis bout in New York next September.

Carnera and the sensational Detroit negro are scheduled to meet here in June in the Yankee stadium under Jacobs' promotion.

Jacobs, who represents the 20th Century Sporting Club, returned today from Chicago, where he conferred with Hoffman. No contract was signed, he said, because Baer cannot enter into another contract until he completes a contractual obligation to Madison Square Garden, which has the champion's services until the end of June.

Whether Baer retains or loses the title in June he'll fight for Jacobs in September, the promoter said. Should the Garden fail in its efforts to induce Max Schmeling to come from Germany to the United States for a title bout with Baer, Jacobs said he is willing "to loan" James J. Braddock, Jersey City veteran, to the Garden for a title bout.

Braddock, who has been designated by the New York State Athletic Commission as its No. 1 contender, would be permitted to fight for the Garden, Jacobs said, only with the understanding that should the New Jersey heavyweight be successful in wrestling the crown from Baer the Garden would reciprocate and "loan" Braddock to Jacobs for a return bout with Baer in September.

Ray Lenahan Leads Field

Pinehurst, N. C., April 1.—(AP)—Ray Lenahan of Providence, R. I., led a field of 85 through the qualifying round of the 35th north and south amateur golf championship today with a par 71 and established himself as a dangerous threat to the title held by George T. Dunlap, Jr., former amateur champion.

Lenahan, runner-up last year for the Rhode Island state championship, matched par figures for the No. 2 course despite some difficulty with the sand greens.

Dick Chapman of Greenwich, Conn., was runner-up for the medal with a 72. He missed a chance to tie Lenahan by three-putting the home green.

Dunlap, recovering from an attack of influenza, played easily and qualified with a 74.

Scores of 81 or better were needed to get into the circle of 32 who will start match play tomorrow. Eight tied at 82 and will play off for four places.

Beardstown visitors in the local community yesterday included Mr. and Mrs. B. G. Echard.

Reds Trounce Dodgers 9-7

Orlando, Fla., April 1.—(AP)—A trio of errors, two of them by Joe Stripp, cost the Brooklyn Dodgers a 9 to 7 decision today in an exhibition game with the Cincinnati Reds.

The errors were made in the sixth and seventh innings and contributed to the seven runs the Reds piled up in those frames.

Yankees Defeat Cardinals 2-1

St. Petersburg, Fla., April 1.—(AP)—Paul (Daffy) Dean and Vernon (Lefty) Gomez staged a mid-season pitching duel today and the honors went to Gomez as the New York Yankees nosed out the world champion St. Louis Cardinals, 2 to 1, in an exhibition game at Waterfront Park before 2,000 enthusiastic fans.

Twirling in mid-season style, Dean and Gomez hooked up for six innings, each allowing three hits.

Another eccentric Dean hits baseball! No less colorful than Dazzy and Daffy is Oscar "Farmer" Dean, pitcher for the Seattle Indians in the Pacific Coast League. Oscar boasts a prodigious appetite, which is bringing him fame. Two steaks for breakfast are his usual ration, and when it comes to eating a hot dog, "Farmer" is original. He requires 14 inches of bologna and a loaf of bread to make the sandwich he's shown eating here.

Foxx on Spot In New Catching Job

Comes Thru Spring Drills in Good Condition

Atlanta, Ga.—(AP)—This would be a great day to pull the prediction that the Philadelphia Athletics will win the American League pennant, then leave town, just as the A's are doing themselves. Unfortunately the joker in the calendar would be detected quickly. Besides the A's won't win the pennant and Jimmie Foxx would be irritated.

The extra "x" in Jimmie's name marks the spot he is on this spring, doing the backstopping for the venerable Connie Mack's youthful aggregation and running the risk of checking abruptly the career of one of the greatest batsmen in the American League. After a month behind the bat during the season of the year when pitchers, especially young pitchers, are at their wildest, Foxx is unscathed and has nothing more than a mild back ache to complain about. The truth is that Jimmie, despite some misgivings, likes his new job because "there's a future in it."

It is not generally known but Mr. Mack wanted to shift Foxx from first base to the catching department last year. Jimmie preferred first base and he declined to change jobs, to fill the big gap caused by Mickey Cochran's departure, because the club was by mid-season going nowhere.

"It's a different proposition this spring," admits Foxx. "It's a tougher job for me behind the plate but I'm

satisfied now I can really help the club, also that we are going somewhere. Nobody is picking the A's to startle the league but I'm telling you we have a real club. We have power, speed and I'm sure we are going to get greatly improved pitching.

"Anything can happen in this year's race. There's no question Detroit has the edge now. Mickey's club might break it up and do the job quickly. It's a free-for-all otherwise, with no really outstanding team. That means we will have a chance to lane somewhere in the first division and I'm anxious to help do it."

"Suppose it does chop 10 or 15 points off my batting average. That doesn't mean I won't continue to get plenty of hits and drive in a fair share of runs. Barring accidents, I expect to be behind the bat right along, taking my rest where I can get it."

WILL RELEASE PLAYERS

San Antonio, Tex., April 1.—(AP)—Five Chicago White Sox youngsters will be sent away to gain further seasoning, Manager Jimmy Dykes decided today.

Pitchers Monte Stratton and John Rigney, Infielder Marshall Maudlin and Catchers Bob Fenner and George Cathamer, will be sent to minor league clubs before the Sox return to Chicago.

The Sox had an open date today but will resume their long series with the Pittsburgh Pirates tomorrow at Galveston.

Miss Eva Mae Welch of Roodhouse was shopping in the city yesterday.

Harry Cooper Gets Lead in Tourney

First 36 Holes of Atlanta Meet Played in Wet

Atlanta—(AP)—Lighthouse Harry Cooper of Chicago, the best "mudder" in the bunch, held a two-stroke advantage over the field today in the \$2,000 metropolitan open golf tournament, with 18 holes left to play.

Cooper's card showed a 36-hole total of 142, made up by a brilliant 69 Saturday and a 73 Sunday. That 73 was the worst of the tournament.

burst which left water standing on the greens and put a damper on the tournament.

The remaining 18 holes of the 54-hole metropolitan event were scheduled for this afternoon. After today's play the touring professionals move to Augusta, Ga., where the first round of the Augusta national tournament starts Tuesday.

Henry Picard of Hershey, Pa., was second to Cooper after yesterday's play with a 144. Picard turned in a 74 yesterday.

Ray Mangrum of Los Angeles scored a 73 also for a total of 145 and third place. One stroke behind came Byron Nelson of Texas, with a 57-17-146.

Mrs. William Cox of Pittsfield was showing here yesterday.

New Electric Rate To Save Consumers \$17,000 Each Year

Reduction in First Step of Lighting Goes Into Effect Here Monday

Chicago.—Chairman Benjamin F. Lindeheimer of the State Commerce Commission announced a rate reduction which will save patrons of the Illinois Power & Light Company \$425,000 in forty-three communities, averaging about 10 per cent in the larger towns. Lindeheimer said the order was agreed to by the company.

John R. Hoffman, manager of the local division of the Illinois Power & Light Corporation, said Monday that the saving in this city on the proposed reduction in rates will amount to about \$17,000 per year to consumers of electricity. The reduction goes into effect on meter readings taken after Monday, April 1.

The new rates call for a charge of 6.7 cents per kilowatt hour for the first 55 kilowatts of residence lighting, with an excess rate of 3.1 cents. This means a saving of about 30 cents on the first step in the schedule, with the other steps remaining the same. However, the installation of an electric stove brings the home under a lower rate.

The first step for commercial lighting is reduced to 6.7 per kilowatt hour and the hours of use on the first step are cut from 40 to 30. On the second step in the commercial lighting schedule the hours of use are cut from 60 to 50. The former rate for the first step in both classes of lighting was 7.1 cents a kilowatt. The charge on residence lighting is reduced from \$3.99 to \$3.66 for the first 55 kilowatts.

In homes where cooking is done on an electric stove the rate is 5.5 cents per kilowatt for the first 50, 3 cents for the next 150, and 14 cents for the excess.

TRIO ARRESTED; TWO ESCAPE

Long Beach—(AP)—Three men said by shore patrol officers to have been distributing literature "obviously intended to weaken the morale of the navy" were arrested here yesterday, but two of them escaped before police arrived to take them to jail. The third, a youth giving his name as Eddie Freeman, 17, was booked as a runaway suspect after he refused to give his parents' names or his address. Officers said they seized a large quantity of literature.

Morgan County Schools Have Weathered Slump; State Situation Worse

Morgan county is one of the only three counties in Illinois that have not let their investment in schools, and education, slip between the years 1931 and 1934. Morgan county's net expenditure for its schools in 1931 was \$420,926 while in 1934 it was \$472,790.

A number of counties have sliced school expenses enormously and hundreds of schools have cut a month or more from the school year, Illinois. As a state has cut, it distributed its share toward the upkeep of its schools \$15,083,051 in 1931 but only \$7,739,722 in 1934.

By simple arithmetic we find that if Morgan county got its just and proportionate share of the state distributive fund in 1934 the state stood a bit less than 7.7 per cent of its educational burden. The rest, or 92.3 per cent, was thrown back upon the local tax payers. These and the figures that follow are supplied by the Illinois State Teachers' Association.

Numerous other states, especially those that have recently reorganized and modernized their school systems, handle the financing of their education in a far different manner. Examples follow:

Delaware, as a state, bears 65.8 per cent of the cost of its schools; California, 63.5 per cent; North Carolina, 55.6 per cent; West Virginia, 53.2 per cent; Washington, 50.9 per cent; Utah, 41.1 per cent; Georgia, 39.6 per cent; Indiana, 36.1 per cent; Florida, 34.6 per cent; New York, 33.5 per cent; Mississippi, 32.9 per cent; Virginia, 31.8 per cent; Michigan, 31.8 per cent; Alabama, 31.2 per cent; and Kentucky, 29.2 per cent.

Arizona, Maryland, Minnesota, Nevada, Ohio, South Carolina, all carry more than 20 per cent of the educational burden. Mostly these state moneys are raised by other than property taxes.

The State Teachers' Association Bulletin points out:

"Illinois in the last few years, has developed large new sources of taxation. Its sales tax revenues are now running more than \$40,000,000 a year. Its gasoline tax is running about \$31,000,000 a year. Its automobile license fees are bringing in about \$18,000,000 a year. Its beverage and liquor taxes are good for about \$7,000,000 and are increasing. That's about \$96,000,000 annually. Other comparatively new sources of non-property taxes will bring the whole up more than \$100,000,000 a year.

"These figures are not theory. They stand proved. Five years ago, for the calendar year ending Dec. 31, 1930, the revenues for the state of Illinois were \$113,673,454.23. For the calendar year ending Dec. 31, 1934, they were \$211,617,911.63.

Governor Advises Changes
"Gov. Henry Horner recently said that the school system in Illinois is archaic and in need of immediate reform. Educators and students of education generally agree with him. Kentucky, Indiana and other mid-western states have recently remodeled their school systems to their great advancement and advantage.

"The present Illinois legislature is being asked to pass legislation which would shift a greater share of the burden of carrying on Illinois schools to the state. This proposal would increase the state distributive fund to approximately \$30,000,000. It is now \$10,500,000 but, due to legislative errors or oversight, is \$7,000,000 in default for the present biennium.

"Illinois formerly shouldered a much larger share of the educational burden than it has in recent years. Back in 1856 the state carried 65.8 per cent of the burden; in 1868 it carried 17.2 per cent; in 1876 it carried 11.8 per cent and in 1920 only 8.4 per cent. In other words the state has been steadily shifting the educational burden to the shoulders of the small tax payer in the individual school district.

Quartet Home from Two Month Contract

Woods Brothers Expect to Join Chicago Station After Iowa Trip

Members of the Woods Brothers quartet returned Sunday night from Des Moines, Ia., where they have completed a two month contract singing over station WHO. The quartet will remain here for a month, after which they expect to join a unit of the WLS road show with headquarters in Chicago.

The quartet is composed of Guy, Don, and Marion Woods and Robert Garman.

During their engagement in Des Moines the local singers presented a daily program on the air and participated in a barn dance frolic each Saturday night.

Their fan mail averaged about 3,000 letters a week.

The quartet's bookings are secured through a Chicago agency.

Mrs. Moody Returns To Court; Plays Set

No Score Announced For One-time Queen of Courts

San Francisco—(AP)—After several weeks of light warming up exercises, Mrs. Helen Wills Moody is back on the tennis courts.

Her first real set since she quit the game two seasons ago because of a back injury was played yesterday with Gardner Carpenter, member of the Yale Freshman title tennis team. The former holder of all major women's titles made no effort to play hard tennis, and the score was not announced.

BRAVES BREAK CAMP

St. Petersburg, Fla.—(AP)—The Braves break camp Wednesday night, ending a training that hasn't been an entire success. Financially, they've done better than in years—thanks to the crowds who came to see the Babe work out. But from the viewpoint of games won, the tribe has nothing to cheer about. The record is five victories out of 16 games.

BONURA'S HITTING HELPS WHITE SOX; FIELDING IS POOR

San Antonio, Tex.—Manager Jimmy Dykes of the Chicago White Sox, may not be sold on Zeke Bonura's hitting around first base, but he has no complaints about the big Italian's hitting.

Bonura was benched last week because of indifferent fielding, but was returned to action when Glen Wright, the general handyman, was moved from first to second to give Jack Hayes a rest. Yesterday he drove in four runs against the Pittsburgh Pirates with two home runs, one each off Guy Bush and Waite Hoyt.

GRIMM STUDIES HIS POSSIBILITIES FOR OUTFIELD POSITIONS

Los Angeles—With only two days remaining of the stay on the Pacific Coast, Manager Charlie Grimm of the Chicago Cubs still has not decided on the makeup of his outfield. Kiki Cuyler will start the season in centerfield, but the other two jobs are still to be distributed among four candidates. Augie Galan, the former infielder, has the edge over Tuck Stainback in left, while Chuck Klein and Frank Demaree are running about even in the battle for right field.

SIGNS WITH BEARS

Chicago, April 1.—(AP)—William "Red" Pollock, 6 foot 2 1/2 inch full-back from the Pennsylvania Military College, today was signed to play with the Chicago Bears of the National Professional Football League.

Coach Jud Timm, former Illinois star, recommended Pollock to Owner George Halas of the Bears, calling him the "best all around back I have ever seen."

Halas said he planned to use Pollock at halfback.

Anne Gould Has Gone To Florida

San Antonio, Tex., April 1.—(P)—Anne Gould doesn't live here any more.
She has gone to Florida, leaving behind in their modest home the young Texan, Frank Meador, who quit a ranch for Broadway and came back with the pretty New York heiress as his bride.

Sharply, the young bank employee told about it today when asked concerning their off-romed separation: "It's old stuff. We've been separated for a month."

Meador, whose romantic early-morning elopement with Miss Gould, great granddaughter of the railroad builder, caused a Christmas season stir in New York society, went back to his bank job and would say no more.

Meador was silent when asked if the breach was caused by his refusal to quit work at the bank, as reported, in accordance with his wife's wishes.

Order Arrest Of Witness

Clinton, N. J., April 1.—(P)—Anthony M. Hauck, Jr., Hunterdon county prosecutor, said tonight he had requested New York City authorities to apprehend Benjamin Heier, indicted for perjury in the trial of Bruno Richard Hauptmann.

The New York authorities, Hauck said, issued a "fugitive" warrant for the man and have not yet reported his arrest.

Hauck said that if Heier refused to return voluntarily for trial, he would institute extradition proceedings.

Heier, a defense witness, allegedly gave false testimony that he saw a man other than Hauptmann scale a wall of St. Raymond's cemetery in the Bronx the night of the Lindbergh ransom payment. A state rebuttal witness testified he and Heier were in an automobile accident eight miles away at the time.

YOUNG HAIRDRESSER
Chicago, April 1.—(P)—Nine year old Lorraine Peters of Chicago was a center of attraction today at the 20th annual convention of Chicago and Illinois Hairdressers' Association, where she gave exhibits as the "world's youngest hairdresser." Lorraine, busy over a permanent wave machine, said she had been helping her mother, a beauty shop operator, "for years."

Among the Roodhouse shoppers in the city Monday was Mrs. Harvey Hodge.

Senate Munitions Committee Hits War Profiteers

Drastic Flynn Plan Aimed At Conscripting Is Indorsed

Washington, April 1.—(P)—The senate munitions committee delivered its first blow at war profiteers today by indorsing in substance the drastic Flynn plan aimed at conscripting industry in time of conflict and stripping it of much of its gain.

Simultaneously, the committee made a formal report to the senate on its six months of investigation, urging a constitutional amendment eliminating tax exempt bonds as a means of plugging "loopholes" for evading taxes. It lent encouragement also to the disarmament commission in Geneva, and proposed an embargo on arms in event of war breaking out among other nations.

The committee disapproved the price "ceiling" plan of Bernard M. Baruch, chairman of the old war industries board.

As the first report of the committee's work was read into the senate record, a draft of the plan to John T. Flynn, economist advisor of the committee, to make the country "pay as you fight" was sent to the public printer.

"Nobody can say it isn't drastic," commented Chairman Nye (R. N. D.) of the committee. He added that all members of the committee were supporting the plan.

Every major essential of the Flynn plan, Nye said, was incorporated in the first draft of legislation going to the printer. It included:

Conscription of industrial leaders, placing them under disciplinary control of the war department.

A corporation tax plan taking 50 per cent of the first six percent or less of profit on capital investment, and 100 per cent of all profits above six per cent.

An individual tax for taking virtually all earnings above \$10,000 a year.

GOP Candidates Lead Democrats

Detroit, April 1.—(P)—Republican candidates for all minor state offices voted today in today's biennial spring election ran up an early lead over their democratic opponents on scattering returns from out-state precincts tonight.

The contest for superintendent of public instruction held chief interest and was regarded as the test race. In 108 out of 3,453 precincts, M. R. Keyworth, republican, had 15,787 votes against 11,438 for Paul F. Voelker, democratic incumbent, for that office.

The two republican justices of the supreme court, William W. Potter and Nelson Sharpe, seeking re-election, were running about three to two ahead of Francis T. McDonald and W. A. Neithercut, democrats.

No returns from Wayne county (Detroit) were included in the tabulation.

Russia Building Up Gold Reserve
Tacoma, Wash., April 1.—(P)—Soviet Russia, building up a vast gold reserve in the United States, was well launched tonight on spring shipments of auriferous ore to the giant smelter here.

"Pigs" of gold, silver and copper were poured out of the smelter today. The smelter, at Ruston, a plant of the American Smelting and Refining Company, is a haven for Russian ore because it is the only smelter on Pacific coast tidewater, and is particularly adapted for reduction of Soviet minerals.

The Elmworth brought the first spring shipment—7,300 tons of gold, silver and copper ore—from Odessa, on the Black Sea. It marked continuation of the Soviet policy of building up financial reserves in the United States despite difficulties that followed American recognition and failure of trade negotiations.

An apparent difference of opinion in the highway department, between the chairman of the committee, T. H. Warwick, and the superintendent, resulted in a victory for the superintendent when the council voted to repair a mainline, rather than follow the suggestion of the chairman and junk the present machine in favor of a new machine which could be bought at a reduced figure. It was estimated by Joseph Gomez, street superintendent, that the present machine could be repaired for \$125 or less, whereas the cost of the new machine was set at \$650. Warwick declared that the present machine has been in use for 11 years, and Gomez contended that by replacing all of the moving parts it would be possible to prolong the life of the present machine three or four years. Warwick was the only alderman to vote against the motion to repair the present machine.

Aldermen Ralph Cowgur and Williamson voted against a proposal to widen the corner at North Sandy and the City Hall square to make more room for fire engines leaving the station, but the motion carried over their opposition. Cowgur and Williamson opposed the plan on the grounds that it was not safe and endangered pedestrians, whereas the other aldermen argued in favor of speedier movement of fire equipment.

Discuss Tree Surgery
Discussion of ending the contract of the tree surgeon within the city brought about the decision that the time was not yet ripe to finish this work. There was some argument by Alderman Day that trees trimmed at this season of the year would "bleed," but Alderman Williamson stated that

he had been advised by two experts that such is not the case.

Mrs. Lillian I. Danskin was appointed to a place made vacant on the board of directors of the Jacksonville library, the council confirming her appointment. The resignation of Mrs. William Floreth was accepted prior to the submission of the appointment.

Advocating the use of local auditors, Mayor Wainwright suggested that the finance committee act with him in picking out a local auditor to handle the annual city books audit.

The meeting opened with Alderman Cowgur objecting to the wording of the minutes in regard to the awarding of a permit to erect a house on Douglas avenue. The minutes were amended to require the owner of the lot to build as required by the zoning ordinance in reference to the side lot lines, but allowed him to place the front wall of his home 18 feet from the front line instead of 20 as required by ordinance.

The city's portion of the February motor fuel tax was \$110.09 the city clerk reported. He also read an estimate of costs for the North Sandy street paving to be borne by the city, the Morgan Dairy company, and the Andrews Lumber company. It was estimated that the materials would cost about \$986.60, with the city paying a little more than half of the improvement.

The reports of the water superintendent, board of managers of the Jacksonville cemeteries, and the city clerk were read and filed.

TALK PETITIONS FOR ELECTION
Alderman Harlan Williamson Says Information Plant Vote Incorrect

Playing the methods by which persons circulating petitions calling for a vote on the rehabilitation of the city's waterworks are said to be securing signatures, and correcting a number of alleged misstatements regarding the proposed election, Alderman Harlan Williamson told the city council last night at its regular meeting that he was in favor of making a more serious effort to impress upon the people the details of the project.

It is impossible, the alderman declared, to put the proposition on the ballot at the coming municipal election, a point which the aldermen investigated one time recently, because of the election laws.

Election laws require that at least 40 days elapse between the time of the filing of the petitions for an election and the date of the election. Although there was some hope of placing the proposition on the municipal ballot, it was learned during the investigation that it would have to be placed there by petition, and could not be put on through an action of the council.

The time required by the Citizen's Committee in drawing up its report also brought about another delay which removed the last possibility of placing the issue on the municipal ballot, it was claimed. Any election held now will have to be a special election, he declared, and will cost the city between \$800 and \$900.

Reporting an alleged incident, the alderman said he was approached last Thursday and asked to sign a petition calling for an election. He told the person circulating the petition that he would not sign.

Seven more days remain in which to file petitions calling for an election on the project.

ADOPT RESOLUTION
Ottawa, April 1.—(P)—The house of commons unanimously adopted a resolution tonight reaffirming the Briand-Kellogg pact renouncing war and instructing the government to support all agencies working for peace.

Look, Charlie! It's 'The Kid'!

Many Business Projects Of City Discussed At Monday Council Meet

(Continued from page twelve)

favor of a resurfacing project. City Engineer Elmer M. Henderson answered the alderman's remarks by stating that he had a contract to do certain things, and that if the council changed its mind, he could do nothing about it. The engineer went on to point out that his plans for the resurfacing job could be changed to include any type of paving or repaving desired with little work. The main work, he said, lies in determining the measurements and figuring out the materials which will be used.

Possibility that the fire insurance rates here can be lowered was tossed to the council just before the session closed when Alderman J. U. Day reported that he has learned the rates in the city are kept high because the fire department here is not operated according to methods approved by insurance companies. It would be possible to lower the rate materially, he said, if the firemen were given examinations. Without going further, he said material on the subject has been acquired and turned over to the city attorney. An ordinance covering these points is to be presented at the next meeting of the council.

The troublesome matter of paying Ray Hayes for services to the police department last September was finally ironed out when the council voted to rescind its action of last September ordering the clerk not to pay his salary and that his name be kept off the pay-roll. Following this action, which brought a "nay" vote from Alderman Devlin, the council approved payment of a month's salary to him, and then passed a motion requiring Hayes to release the city from a judgment obtained in a justice court suit. Devlin again opposed paying Hayes.

Talk Street Problem
Alderman Day reported that he has found a number of people who admit piling ashes in the streets, and who have asked the city street workers what they are going to do about it. Alderman Day admitted he was baffled by the problem, and Mayor Wainwright said it had been brought to his attention. The mayor suggested a clean-up week for Jacksonville, but when informed that the usual time for this campaign was the first week in May, he suggested that the problem be left for the decision of the next council.

An apparent difference of opinion in the highway department, between the chairman of the committee, T. H. Warwick, and the superintendent, resulted in a victory for the superintendent when the council voted to repair a mainline, rather than follow the suggestion of the chairman and junk the present machine in favor of a new machine which could be bought at a reduced figure. Rubber Strike Postponed At Least 8 Days

Sheriff However Deputizes 1,000 Men As Safety Measure

Akron, O., April 1.—(P)—Officials of the A. F. of L. Rubber Workers Union disclosed late today the strike they have been considering at the Goodyear Tire and Rubber Co., will not materialize for at least eight days.

Earlier today, Sheriff James Flower had deputized 1,000 men as a precautionary measure, in the belief a strike might be called within 48 hours.

The disclosure that a walkout, if it is called, will not occur so quickly came in an announcement by John House, president of the Goodyear local.

House said the result of a strike vote being taken at the Goodyear factory by the A. F. L. Union will not be announced until a count is completed of votes to be cast next Sunday at the Firestone Tire and Rubber Co., and the B. F. Goodrich Co. These will continue probably three days, he said.

The three firms employ approximately 35,000 workers of whom the union claims 12,000 are members.

The union wants from the companies recognition of the A. F. L. organization, a 30-hour week, and an agreement providing a basis for future negotiations.

Cannot Recover Purchase Money From H. Doherty
Supreme Court Refuses to Review Action Of Federal Court

Washington, April 1.—(P)—Thomas J. McLaughlin, of Swampscott, Mass., and others who had purchased Cines Service company stock from Henry L. Doherty of New York City on an installment plan can not sue Doherty to compel him to refund the purchase money.

The supreme court refused today to review the action of federal courts in Massachusetts forbidding purchasers from bringing such suits.

Learning of a movement among more than 100 purchasers of the stock in 1927, 1928 and 1929, to sue him for a return of the money paid, Doherty brought suit in the federal district court for Massachusetts to prevent such a multiplicity of suits. He named several, including McLaughlin, and asked the court to prohibit them and all others from bringing action.

The purchasers contended the stock had been sold to them by Doherty in violation of the Massachusetts law regulating the sale of securities.

Women Charged With Robbery
Jackson, Miss., April 1.—(P)—Three women, held in connection with the robbery of the Bank of Blountville at Prentiss last Thursday in which Raymond Hamilton was identified as one of the robbers, were charged with "bank robbery with a deadly weapon" by the state of Mississippi today, a charge carrying the maximum penalty of death.

Warrants charging Estelle Davis, 19, her sister, Dorothy Davis, 23, both of Houston, Texas, and Mrs. Berge Johnson of near Prentiss with bank robbery were served on the trio in the Hinds county.

The federal government has charged the two Davis sisters with "conspiring to harbor and conceal" the fugitive desperado, Hamilton, and they are being held in jail here in lieu of \$10,000 bond. Arraigned last Saturday, the women pleaded not guilty.

No federal charge has been made against Mrs. Johnson.

The three women were taken into custody by possmen shortly after the bank robbery as they fled across a field. One of the trio is said to have driven the bandit car to the bank.

Chicago Police Hunt Boy Killer
Chicago, April 1.—(P)—Police squads searched the city tonight for a youth who escaped after shooting to death Edgar Hendrickson, 43, and attempting to kill Hendrickson's wife, Corinne.

Mrs. Hendrickson told police that the gunman, after forcing entrance into her apartment, placed the weapon against her head and pulled the trigger twice. The pistol did not discharge.

Hendrickson rushed into the room when his wife screamed and the invader shot him in the abdomen. Sgt. Joseph Lally said the youth was either a robber or a degenerate.

WOULD SURPRISE FORTUNE
Albany, N. Y., April 1.—(P)—The New York legislature voted tonight for creation of a foundation to supervise the fortune left by the Wendel Sisters to charitable, benevolent and religious organizations.

The senate passed the Quinn-McCreery bill incorporating the Wendel foundation as a tax-exempt corporation. The vote was 36 to 7. The bill now goes to Governor Lehman for his signature or veto.

The bill's sponsor, Senator Elmer F. Quinn, New York City Democrat, said it was the best way of handling the Wendel millions.

Wavering business callers in Jacksonville yesterday included J. L. McCormick.

WILL INVESTIGATE AUTO WORKERS DEATH

Detroit, April 1.—(P)—The death of Louis Sherry, 23-year-old Ford Motor Co. employee, after he had eaten part of a sandwich today, is being investigated by police and Ford company officials.

Fellow workers said Sherry was eating, with William F. Wicker, 22, at the plant. Sherry died 15 minutes after consuming two bites of a sandwich and Wicker became violently ill after one bite from his sandwich. He is in a critical condition.

Ford officials said the sandwiches were not similar to those sold at the plant, and apparently had been substituted in the lunch cartons immediately before the men sat down to eat.

California Has Produced Few Movie Stars
Girls From Midwest Have Personality, Southern Girls Beauty

By Belman Morin
Associated Press Staff Writer.

Hollywood, April 1.—(P)—California, though the home of the movie industry, must yield to other states the honors for producing the stars.

Casting directors, after long years in interviewing and searching—"ivory hunting," they call it—have come to expect beauty from the southern states, in general.

Talent from the Atlantic seaboard, with New York as the happiest hunting ground.

Personality from the middle west, and particularly from Illinois and Minnesota.

These generalities are borne out by the lists of people already important on the screen. Moreover, they are substantiated in the group of 16 "baby stars," selected this year by three major film studios for special attention, and depending on themselves, possible stardom.

New York, with four entrants, led the list. Three of the girls are from New York City, one from Brooklyn.

Alabama, California and Illinois each had two. June Grabiner and June Martel, both of Chicago, were among the six Warner "starlets."

Gives Husband Cold Shoulder
Chicago, April 1.—(P)—Mrs. Claire Borin, second place winner in a "panther woman" contest staged some time ago by a motion picture company, gave her husband a cold shoulder today and denied interference that she had been friendly with E. M. Asher, motion picture producer.

She refused to speak and did not glance at Nathan Borin, head of an art products company, defendant in her suit for separate maintenance.

Borin already has filed a \$500,000 alienation of affections suit against Asher, a suit Mrs. Borin termed "spite" because she had left her husband and refused to go back to him.

To most questions concerning her friendship with Asher, she answered in the negative and flatly denied that she had been with Asher on two "cottage parties" along with others in California. She said she had known Asher casually for three years.

Ominous Threat Not Carried Out
New York, April 1.—(P)—April first passed today and the mysterious "F. C. H." apparently had not carried out an ominous threat to take his own life and that of his 9-year-old son.

The threats were carried in a series of letters to "The Messenger" who conducted an advise-to-the-troubled broadcast period (from Radio Station WHN).

"The Messenger" revealed today he had persuaded his mysterious letter-writer at a rendezvous Saturday to abandon the plan.

Arrangements were made for the boy to live with a friend of "The Messenger," who himself insisted on anonymity.

The father refused to consider offers of financial assistance or a job for himself, "The Messenger" said.

The revelation left unanswered a question whether the threat was part of a grim April Fool's Day hoax.

The direful letter-writer had insisted in his series of missives that he saw no reason for living.

PATRICIA MAGUIRE, 30
Chicago, April 1.—(P)—Patricia Maguire, the sleeping beauty of Oak Park who has lain in a coma for 1,140 days, was 30 years old today.

But there was no celebration and no candle-festooned cake—just the five light meals served with a spoon that have become routine with the victim of a rare type of sleeping sickness.

Mrs. Peter Miley, the girl's mother, said she has not changed much since Christmas, when she first began to respond to some spoken orders.

PUBLIC BARRED
Kansas City, Mo., April 1.—(P)—The public will be barred from the hanging of Walter McGee, sentenced to die May 10 for the kidnapping of Miss Mary McElroy, daughter of City Manager H. F. McElroy of Kansas City.

Sheriff Thomas B. Bash said he was "dusted" at the county's last execution, when thousands applied for tickets.

CLUB NOTICE
The Edward Gallagher Circle, Ladies of the G. A. R. No. 122 will meet Friday afternoon, April 5 at the American Legion home. An initiation ceremony will be held.

RETURNS FROM FLORIDA
Attorney L. O. Vaughn has returned from a visit in Sarasota, Florida.

Gambling Loss Deducted From His Income Tax

Associate Of Huey P. Long Understood Losses Were Deductible

New Orleans, April 1.—(P)—State Representative Joseph Fisher of Jefferson parish, first of nine associates of Senator Huey P. Long called to trial on federal income tax charges, contended through counsel today he had been in the gambling business and suffered losses he understood were deductible from his returns.

Fisher, a member of Senator Long's political machine, was placed on trial in federal district court before Judge Wayne G. Borah over the strenuous objection of his counsel, Hugh M. Wilkinson.

Fisher is accused on seven counts of evasion or attempting to evade or defeat the tax payments, for the years 1929-1932, inclusive, during which period the government charged his income was about \$122,000, much of which was unreported on his returns.

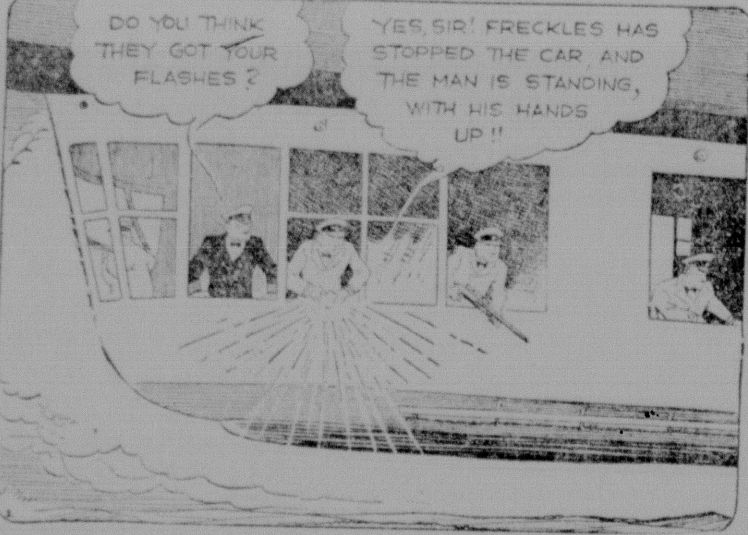

Rene Viosca, federal district attorney, declared the government would seek to show that Fisher was guilty on four counts of "willfully attempting to evade" income tax payments, two counts for not filing returns in 1931 and 1932 and one count of assisting in preparing "a fraudulent document" in which his wife's tested.

Income liability for 1932 was \$4,400. Attorney Wilkinson replied that the defense would show that his client had lost in the gambling business in Jefferson parish during the years the government said he made no return, that these losses were deductible, and that he was

STUDY REALITY IN SCIENCE CHURCHES

"Reality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 31.

The Golden Text was "Thou, O Lord, shalt endure for ever; and thy remembrance unto all generations" (Psalms 102:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think on these things. Those things, which ye have both learned and received, and heard, and seen in me, do; and the God of peace shall be with you" (Philippians 4:8-9).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures imply that God is All-in-all. . . . He is all inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual" (p. 331).

and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual" (p. 331).

"More Money" by CHARLES GRANT

CHAPTER XXXVI

Jasper H. Ingram glanced at the headlines in the afternoon papers, which told the world about Arline's suit, and he no more than cocked an indifferent eyebrow. Yet, how short a while ago, even the threat of such a disclosure would have brought on a mental panic. How quickly he would have submitted to blackmail, settled on a public scold, rather than

Many Business Projects Of City Discussed At Monday Council Meet

Making an effort to wind up the business of the present administration, the city council last night agreed to take immediate action on plans for cleaning up several special assessment accounts, making rebates where possible, set wheels in motion to collect \$1347.50 due the city as the result of the state supreme court's ruling that the Illinois occupational tax was illegal when applied to water companies, opened a complaint under the guidance of Mayor W. A. Wainright against the Illinois Power & Light Corporation by instructing the city attorney to ask for damages in connection with the West College avenue paving, and waded through a maze of other business.

SPECIAL RITES OBSERVED AT M. E. CHURCH

Murrayville Methodists Have Homecoming, Dollar Day Sunday; News Notes

Murrayville, April 1.—Sunday was marked in the Murrayville Methodist church with the Homecoming and Dollar Day services which were planned by the unit leaders of the church and were in charge of the following committee: Mrs. Susan Carlson, Mrs. Carrie Strang, Mrs. Thelma Covey, Mrs. Mildred Benscoter, Mrs. Lillie Rae Jones and Mrs. Ada Barton. All the services throughout the day were largely attended beginning with the Sunday school. The regular order of worship was carried out in the morning service with a very interesting and inspiring sermon by the pastor, Rev. C. W. Gant, on the theme, "The Bride of Christ." A vocal duet, "Unanswered Yet," was beautifully rendered by Mrs. Lucille Lettice and Mrs. Mildred Benscoter.

At the close of the services a bountiful dinner was served to about 150 in the church basement. The following program was presented for the afternoon session beginning at 2 o'clock:

Song—"Blest Be the Tie That Binds."

Prayer—Rev. E. A. Hedges of Jacksonville, a former pastor of the church.

Song—"Sun of My Soul"—Quartet, Mrs. Lucille Lettice, T. G. Beadles, Mr. and Mrs. J. E. Symons.

Reading—"Whistling Sam"—Mrs. Sarah Wade.

Vocal duet, "Let's Rally to Heaven"—Misses Frances and Charlotte Brown.

Song—"Junior Chorus."

Piano solo—"Miss Beth Bracewell."

Vocal solo, "Love Thy Neighbor"—Robert Carlson.

Reading, "Mammy's Prayer"—Mary Mehrhoff.

Song—"I Know That My Redeemer Liveth"—Ladies' quartet, Mrs. Thelma Covey, Mrs. Ethel Stringer, Mrs. Mildred Benscoter and Miss Stella Cunningham.

Short talk—Rev. E. A. Hedges.

Song—Junior Chorus.

Reading of greetings from former members.

Offering.

Closing song—"God Be With You Till We Meet Again."

Those who attended the services during the day from out of town included the following: Mr. and Mrs. E. R. Clemmons, Springfield; Mr. and Mrs. H. U. Osborne, Mr. and Mrs. J. E. Osborne, Rev. E. A. Hedges, Miss Emma Hedges, Mrs. Sarah Wade and son Billy, Mrs. Nettie Million, Miss Stella Cunningham and Mrs. Maude Spahnower of Jacksonville; Mr. and Mrs. George Simpkins of Buckhorn; and Mrs. Ella Chenoweth of Versailles.

The receipts from the Dollar Day offering totaled almost \$110.00 which was greatly appreciated.

This a full day closed with a spendid evening service. The opening devotion was in charge of the Epworth League. Another very fine sermon was delivered by the pastor on the theme, "As In the Days of Noah."

CHECKER PLAY TO START HERE

Twenty Morgan Players Enter Tournament Which Begins Tonight

Twenty Morgan county checker players will start play in the Morgan county tournament tonight at the Jacksonville City Hall. The tourney is being held to select two players who will enter the Four-County tournament to be held in this city April 15.

Tonight's play will start at 7:30 o'clock, but all players are asked to be at the Council Chamber at 7:00 o'clock when drawings for partners will be held.

Those in charge of the tournament announced last night that all entrants will receive a number, this number to be used throughout the tournament. Players will be known by numbers only.

Because of the large number of entries, it is believed that it will require several evenings of play to pick the two winners.

Players in Scott, Greene and Cass county will also hold tournaments this week to select their entrants in the Four-County meet.

The winner of the Four-County meet will be given a silver trophy by the Jacksonville Journal-Courier company.

S. H. Scott of White Hall is managing the Greene county meet, T. M. Whitlock, Manchester, the Scott county meet and Sam Montgomery of Virginia the Cass county meet.

Louis Biggs, Ernest May, Frank Bracewell and Donald Chapman, are managers of the Morgan county meet and will also be in charge of the arrangements for the Four-County meet.

All persons interested in checkers are invited to the Council Chamber tonight to witness the games.

MEYER PLEDGES ECONOMY AT MEETING HERE

Democratic Candidates Talk City Campaign Issues Monday Night

Economy will be the watchword of the municipal government if he is elected Mayor of Jacksonville, Henry G. Meyer told a largely attended meeting of Third ward citizens last night at the Franklin school.

The Democratic candidate for mayor outlined his platform in a concise statement of what he expects to do if elected. He said he will guard the city's finance with the same care that a business man applies to his own business; that he believes propositions such as large expenditures and bond issues should be submitted to a vote of the people; that he does not favor improvements which would mean special assessments or extra taxes to the people.

"My only thought will be to try to improve what already has been done," Mr. Meyer declared. "I am not criticizing any present official, but if elected I will put into effect certain plans that I believe will work to the benefit of the city and its people."

The candidate advocated a sinking fund with which to replace worn out equipment in the city departments. With such a fund bond issues will not be necessary, Mr. Meyer said.

He stressed particularly the necessity of guarding the finances and credit of the city. He believes that improvements can be made in the accounting system, and that a system of inventory should be established to cover all equipment used in the city departments.

The police and fire departments should be manned by a personnel of highest character, men who are physically and morally fit for the job. Mr. Meyer said. He favors a non-partisan park committee, and the placing of a competent engineer over the street and sewer departments.

The waterworks ordinance has been passed by the council and is expected to be brought to a vote of the people, which is as should be, the candidate stated.

The double assembly rooms of the Franklin school were well filled with men and women last night when the meeting was called to order. William A. Masters, a resident of the third ward and senatorial committeeman in the 45th district, served as chairman.

John Phillips, Democratic candidate for city clerk and the present incumbent, was attending a meeting of the council and Abe J. Jones spoke in his behalf. Jewell E. Scott, candidate for city treasurer, Ray Harmon and John Johnson, third ward candidates for aldermen, all were introduced and spoke briefly.

Other speakers during the meeting were Victor H. Sheppard, county superintendent of schools; Mrs. Henry W. English, Mrs. Alex. Platt, Jack Kelly, A. D. Arnold and Clinton Stromwalt.

The musical feature of the gathering was a group of songs by the "Redbirds." Misses Myrtle Denny and Eleanor Large, pupils of Mrs. Lois Hardin. They were accompanied by Miss Marjorie Warlick.

It was announced that a meeting of Fourth ward voters will be held tonight at the Washington school at 7:30 o'clock.
